

AlluGuard

style, security, innovation...

I've been
quoted a lot
less...

...Understanding
why a cheap door
is a false economy

What's this all about?

There's lots of companies selling roller garage doors out there and, given they all look quite similar, why are some doors offered at such a low price?

When you compare, in detail, our doors with cheap doors you can soon see that by cutting corners you can save a lot of money. But at what price? **Safety, security, environment and product life-span are all seriously compromised, not to mention your peace of mind.**

Before you buy cheap, let's compare...

AlluGuard

style, security, innovation...

Every door
is safe,
surely??

CE

- | | |
|--|---------------------------------------|
| <p>AlluGuard</p> | <p>Cheap Alternative</p> |
| <p>CE Marked, safety tested & comply with safety law</p> | <p>No CE mark, no safety test</p> |
| <p>Anti-drop safety brake on applicable sizes</p> | <p>No safety brake</p> |
| <p>Self-testing multi-chamber safety edge</p> | <p>Single chamber, no safety edge</p> |
| <p>Branded, safety compliant control unit and motor</p> | <p>Unbranded controls</p> |

What about
security??

AlluGuard

- | | |
|--|--|
| <p>Secured by Design tested Security</p> | <p>Cheap Alternative</p> |
| <p>Anti-lift alarm intruder deterrent</p> | <p>No Security test</p> |
| <p>Holiday mode to stop opening whilst away</p> | <p>No alarm</p> |
| <p>Rolling code signal to stop code grabbing</p> | <p>No holiday mode</p> |
| | <p>Single frequency, easily cloned</p> |

They say it's strong...

The AlluGuard 77 is made to the Police Preferred Specification. Our door has a certificate to prove how secure it is. Cheap doors may claim to be secure but we can prove it!

Secured by Design

Police Preferred Specification

How long will it last?

AlluGuard

- ✓ 2 year materials
- ✓ 5 year motor and controls, up to 10 year perforation supported warranty

- ✓ Heavy duty galvanised steel door barrel

- ✓ Made under ISO 9001 Quality systems

- ✓ 77mm and 55mm door curtain lath sizes for strength suited to size and use

Built to last...

Fair warranties and quality controls. We keep our promises and have been trading for 12 years with a reputation built on trust and fairness. Will the cheap door company be around long enough to honour any warranty?

Cheap Alternative

- ✗ 1 year warranty, extended only with an extra fee

- ✗ Lightweight steel or plastic door barrel

- ✗ No quality control

- ✗ 55mm only

Are they professional?

AlluGuard

- ✓ Members of the DHF trade body that provides dispute arbitration

- ✓ Trained, professional, full-time fitters

Trust...

Professional garage door installers. Installers are garage door specialists that fit doors for a living and whose reputation depends on doing the job right with a quality product. Cheap doors need cheap labour...

Cheap Alternative

Raising Standards
Safety Assured

- ✗ No trade body membership protection

- ✗ Low skilled labour, variable quality installation

Your peace of mind

Its up to you...

Yes you will pay more, but what price is peace of mind? Our doors are regularly replacing cheap doors that have not lasted and been a disappointment on every level. If you want a new garage door that will give you years of safe, secure, reliable service and is backed by companies that will support you if you have a problem, **choose AlluGuard for the best value for money.**

What else
might I
miss?

Choice!

**Cheap doors offer very limited choice,
AlluGuard offers so much more!**

AlluGuard roller doors are available in a huge range of standard colours and unlimited custom colours. They are available with a host of control options to make using the door an effortless pleasure.

AlluGuard 77

The AlluGuard 77 is our standard door that covers all sizes up to 5.2m wide with 77mm deep laths. It is Secured by Design as standard and comes with 2 remote controls - ask for our brochure for the full story.

AlluGuard 55

The AlluGuard 55 is our compact door that covers all sizes up to 3.0m wide with 55mm deep laths and is only recommended when there is insufficient space to fit our standard door. It comes with 2 remote controls - ask for our brochure for the full story. This lath size is often the only option on cheap doors.
